[inaudible] we're planning ahead, uh, as if the rally's continuing. Ah, as far as what we do tomorrow, that's what we're trying to figure out. Where Enrique's gonna be, how extensive this is, uh, and everything [inaudible] his charges, so. Right now, I want everybody to stand by and not make any moves. Do not wear colors by any means if you're out on the streets, uh, and just assume the worst. Ah, until you hear from me just basically stand by, if you hear any other details please let me know.

1:26:47 AM	Redman aka Saint Christopher of CapCity 1079628590	I just don't want to be the one that doesn't have his shit if plans change. Like our Hong Kong bothers, we need to be water.

1:31:12 AM	Captain Trump 454128414	I hear you, I don’t forsee the plans changing, you wont be the only one if you took the precaution, but I’m sure there are some dudes bringing shit “just in case”.
