ABSOLUTEY NO COLORS IN DC ON THE 6th. This is the National policy for this event. We expect everyone to honor this. You are not just representing yourself you are representing this entire club. There is a reason we aren't wearing them. Number 1 The PB are not officially attending this event. Number 2 the local leadership has asked his brothers across the nation to respect his chapters wishes. And y'all know me. I'm usually the first to say fuck that I'm wearing my shit so if I'm respecting it so should you. Uhuru. Love all you motherfuckers.
