I'm gunna press on with some smart level headed non emotional guys and create a game plan for how to approach this year, we aren't gunna stop getting involved in the community, especially with the momentum we have and if your worried about getting arrested and think that doing nothing will remove that threat you're fooling yourselves. I've had this conversation with guys like this for 3 years and every year you all get worked up and wanna hide. We can be smarter, train, plan etc...but we will never stop. Get on board or move aside.
